## Winter Walking Trails

The paved trail will be plowed from the ski trailhead parking lot to the “T” intersection. The road will also be open to the fishing pier parking lot. From there winter walkers can access the packed trail for a 2.1 miles loop. The easy walking trail goes from the fishing pier, along the lake to the boat launch, past the picnic shelters and back to the fishing pier. Dogs are allowed on this trail but must be leashed. Thank you for respecting the time and effort it takes to groom good Nordic ski trails by not walking on them.
