- Exercise Equipment*

### *How the Free Market Works*

#### *1. List It.*

Visit the Free Market web page at [www.twincitiesfreemarket.org](http://www.twincitiesfreemarket.org) to list items you have to give away or search for items.

#### *2. A Match Is Made.*

Other people will see the items you have to give away or the items you hope to find.

#### *3. The Items Are Exchanged.*

The person who wants the items, directly contacts the person giving them away to make arrangements for pick-up. The Free Market does not store or transport items.
