
Special Announcement
Washington County Workforce Center
Local Planning Guide

Washington County Workforce Center is currently in the process of developing their local planning guide for the Department of Employment and Economic Development. This plan outlines the local workforce investment system's plan for implementing activities under the guidance of the Workforce Investment Board.

The plan includes input from the partners representing our One-Stop delivery system of services including Wagner-Peyser, Vocational Rehabilitation and State Services for the Blind.

The plan reflects how the local workforce service area will deliver services to job seekers and employers in our local area. Implementation of activities under this plan is scheduled for July 1, 2011.

The draft plan is posted for your review. If you have any questions or comments they can be forwarded to Deborah Reckner, Program Coordinator, Washington County Workforce Center, 651.275.8683 or Deborah.reckner@co.washington.mn.us

Comments will be accepted until June 30, 2011
