- July 23 - Super Cool Thing
- July 24 - Super Cool Thing

Sign-up for the St. Croix River Association's e-newsletter

**Live in Washington County, MN?**

We can help you get started with grants and other assistance.

### The St. Croix River is in trouble and YOU can help.

When you plant for clean water, you help to keep runoff from polluting the St. Croix River, as well as local lakes and streams.

**Plant a tree**

**Plant raingardens**

**Plant habitat**

**Plant shoreline**

Clean water is good for people and fish too. Learn more about planting for clean water at [www.BlueThumb.org](http://www.BlueThumb.org).
