Remember!
The loop is not complete unless people BUY recycled goods.
Look for products labeled "made with post-consumer recycled materials."

*Some collectors accept additional types of plastic bottles. Refer to information provided by your city or recycler.

Recycling Makes a Difference!

Each ton of paper recycled means that 17 trees do not need to be cut and made into paper.

The 16,000 tons of paper recycled by Washington County residents every year saves over 270,000 trees from being cut down!

You can help!

If you convinced two people to recycle,
and the next day they convinced two people to recycle, and so on,
it would take less than a month for everyone in the United States to recycle!

*Some collectors accept additional types of plastic bottles. Refer to information provided by your city or recycler.
