Washington County begins reopening to in-person services

Washington County has begun the reopening of some county buildings and in-person services by appointment.

Services that can be provided remotely will still be done remotely; if remote services are not possible, services by appointment may be used. The Government Center in Stillwater and Forest Lake and Cottage Grove service centers will be open. However, residents arriving at the buildings should have appointments for in-person services. Appointments may be made through the county's website at www.co.washington.mn.us or by calling county offices at 651-430-6000.

Residents who visit county buildings will find county staff will be wearing masks when moving inside county buildings; members of the public will be asked to wear masks when in county buildings and during interaction with staff and social distancing measures will be in place. Visitors who have experienced symptoms commonly associated with COVID-19 are asked to cancel or reschedule their appointments.

For appointments for Public Health & Environment services, call 651-430-6655. These services include birth and death certificates, vaccines for income eligible residents, septic information, water sampling, and COVID-19 information. More information on these services, and others, may be found on the county website, by searching for topic. For WIC appointments or questions, call 651-430-6658.

For those residents who require services from Community Services, meetings will continue to be done via phone call or video conference. When required, in-person meetings are by appointment only; to schedule an appointment, call 651-430-6455.

A great place to live, work and play...today and tomorrow

Service and license centers have been open for appointments since May 21. Residents may make appointments at www.co.washington.mn.us/scheduleme, which also explains what services are available.

The Washington County Library continues to provide curbside and locker pickup of materials, and computer access by appointment. Find more information on the library's website at washcolib.org.
