Purpose of Meeting:

The purpose of the meeting was to review the planning project purpose and scope to the Community Advisory Committee and to get input and feedback on the preliminary trail alignment routes.

Summary of Meeting

- There was a question about the trail segment end point and why it was identified as Manning Avenue. Discussion that followed noted that there is an existing trail along Manning Avenue and Manning Avenue is shown in Metropolitan Council documents as a Regional Trail Search Corridor.
- A Costco retail store is planned for the southeast corner of Highway 36 and Manning Avenue.
- It was discussed whether a box culvert under the railroad adjacent to County Road 14 would be possible.
- It was suggested that the map be updated to show the CR 14/15 reconstruction.
- The question was asked whether a trail could extend under the powerlines that run south of Highway 36.
- The comment was made that a paved trail in the park could have a limestone shoulder for runners.
- The alignment option along CR 14 that extends past SAHS is good because it passes by two schools.
- Could existing trails in the park be reconstructed to 10 feet wide instead of adding new paved trails in the park?
- Ideas for public outreach include:

- The Washington County Fair in August
- Stillwater High School
- Ice cream social, location TBD
- Baytown picnic
