

Child and Teen Checkups

A health program provided to children and teens from new-born through age 20 who are enrolled in Medical Assistance.

The C&TC Program helps families:

- Find Medical and Dental Clinics
- Stay up to date on checkups and shots
- Arrange transportation or an interpreter
- Navigate health insurance and access benefits like gift cards and car seats
- Understand what happens at a checkup and how to prepare youth
- Connect to local community resources

C&TC Checkups happen at your regular doctor's office and include:

- Complete physical exam
- Immunizations and lab tests
- Vision and hearing tests
- Development and behavioral screenings
- Physical and mental health guidance
- Lead screening
