

HOW IS IT
RECYCLED?

PAPER

Washington
County

1

Your recyclables are picked up curbside

2

Paper is brought to a recycling center and sorted by type

3

Paper is ground up and mixed with water to make a goeey mixture called slurry

4

The mixture is pressed through rollers, leaving the water behind

5

After the newly formed paper is heated and dried, it is coiled into huge rolls

6

The rolls are sent to companies to form the paper to into their products

Sort it Out

TEST YOUR KNOWLEDGE OF THE RECYCLING PROCESS!

PAPER

PLACE THE NUMBER OF THE CORRECT DESCRIPTION WITH ITS MATCHING PICTURE
