

## Center for Inclusive Child Care

### Support available during the COVID 19 Quarantine

The Center for Inclusive Child Care (CICC) has a team of coaches across the state poised and ready to support the changing needs of child care providers. We offer both individual and small group coaching. Currently, all coaching is virtual, either through phone conversations or online through video meetings.

As always, CICC Coaches:

- Carry in hope
- Support through compassionate listening
- Brainstorm on the spot intervention strategies
- Assist in finding tools and resources that will be helpful

In response to the pandemic, CICC has designed coaching focused on supporting programs as they navigate through challenges currently impacting care. Participants may choose the traditional option of thirty hours of coaching, or a shorter option of five to ten hours of coaching on **COVID Response Options**.

### COVID Response Options

**Level 1: Go to our COVID banner on our home page and click to access our top COVID resources. [info@inclusivechildcare.org](mailto:info@inclusivechildcare.org)**

**Level 2: Receive phone support from a CICC coach related to scenario planning on drop off/pick up routines, staffing patterns during COVID, and communicating with staff and families. [info@inclusivechildcare.org](mailto:info@inclusivechildcare.org)**

**Level 3: Receive 5-10 hours of virtual coaching specific to your site needs related to:**

- Challenging Behaviors
- Implementing health & safety best practices
- Communicating with families and staff
- Supporting children through change
- Addressing loss

To request support, a program should contact CICC at [info@inclusivechildcare.org](mailto:info@inclusivechildcare.org).
