The Survivor's Pension is a tax-free monetary benefit payable to a low-income, un-remarried surviving spouse or children of a deceased Veteran with wartime service.

Qualifying Service

The deceased Veteran must have met the following service requirements:

- For service ON OR BEFORE 1980, the Veteran must have served at least 90 days of active military service, with at least one day during a wartime period.
- For duty AFTER 1980, he or she must have served 24 months or the full period for which called to active duty with at least one day during a wartime period.
- Was discharged from service under other than dishonorable conditions.

Eligible Wartime Periods

- *World War II*
(December 7, 1941 - December 31, 1946)
- *Korean Conflict*
(June 27, 1950 - January 31, 1955)
- *Vietnam Era*
(November 1, 1955 - May 7, 1975
[service in Vietnam] otherwise
August 5, 1964 - May 7, 1975)
- *Gulf War*
(August 2, 1990 - through a future date)

Income & Net Worth

Countable income includes income from most sources as well as from any eligible dependents. It generally includes earnings, disability and retirement payments, interest and dividend payments from annuities, and net income from farming, rentals, or a business.

Some expenses, such as unreimbursed medical expenses, may reduce your countable income.

Net worth includes assets such as bank accounts, stocks, bonds, mutual funds, annuities, and any property other than your residence and a two acre lot area.

VA uses a 3 year "look-back" period for those who transfer assets to qualify for pension. If a veteran or spouse transfers assets to a trust where they do not have access to the funds, or sells them for less than fair market value, those assets would still be considered to be net worth for a period of 3 years.

An applicant's net worth and income may not exceed \$138,489.

Pension Poaching Scams

Some dishonest financial advisors or attorneys may offer to move your assets around for you to qualify for VA pension. This type of scam is often directed toward Veterans and family members who do not actually qualify for VA pension. You could be required to repay these benefits to the government.
