Did you know Minnesota has the highest fluorescent bulb recycling rate in the US? Join the club! Incandescent bulbs are being replaced with the much more efficient fluorescent and LED bulbs. All fluorescent bulbs must be recycled because they contain a small amount of mercury, so bring them to the Environmental Center. LED and incandescent bulbs can be thrown in the trash.

Open to residents of Washington, Anoka, Carver, Chisago, Dakota, Hennepin, and Ramsey Counties. Proof of county residency, such as a driver's license, is required.
