**Washington
County**

Washington County is considering ways to improve facilities and connections for pedestrians and bicyclists, and improve safety and mobility for motorists along County Road 5 from Croixwood Boulevard to Owens Street. In March 2014, an open house was held to collect community input on existing issues and concerns. Please join us for a second open house to review and comment on potential options for improvements, including crosswalks, sidewalks, medians, and more.

SEGMENT 1: Croixwood Boulevard to Pine Tree Trail

SEGMENT 2: Pine Tree Trail to Owens Street

SEGMENT 3: Linden Street to St Croix Avenue
