for Washington County

Section 1 Purpose and Authority

1.1 The purpose of this Ordinance is to establish standards and authority to protect the public health, safety, and general welfare of the people of Washington County pursuant to powers granted under Minnesota Statutes, Chapters 144.1222, 145A, 157, and 375, as now constituted and from time to time amended.

1.2 This Ordinance establishes minimum standards, as defined in Minnesota Rules, parts 4717.0150 to 4717.3970, Minnesota Statutes, section 144.1222 and this Ordinance, for the design, construction, operation, and maintenance of Public Pools located in Washington County so that health and safety hazards will be minimized. Whenever, and if, this Ordinance conflicts with other applicable laws, regulations and ordinances, the most restrictive shall prevail.

1.3 A Public Pool that meets the definition of a Public Water Supply must comply with Minnesota Rules, Chapter 4720 and the Safe Drinking Water Act (Minnesota Statutes, sections 144.381 to 144.387).

Section 2 Scope

2.1 This Ordinance shall be applicable to all Public Pools, as defined in Minnesota Rules, parts 4717.0150 to 4717.3970 and Minnesota Statutes, section 144.1222, including all facilities incident thereto, which are located in Washington County.

Section 3 Administration

3.1 This Ordinance shall be administered by the Washington County Department of Public Health and Environment, hereinafter referred to as the “Department” or the “Health Authority.”

5.1 No Person shall operate a Public Pool, as defined in Minnesota Rules, part 4717.0250, Minnesota Statutes, section 144.1222, or this Ordinance, unless a license for the current year of the applicable type shall have been obtained pursuant to this Ordinance from the
Health Authority.

5.2 Only a Person who complies with the requirements of this Ordinance shall be entitled to receive a license. Licenses shall not be transferable as to Person or place. The original copy of all licenses obtained for a Public Pool shall be conspicuously located for public inspection.

5.3 Fees for licenses and other services shall be those established by the County Board. Additional fees may be charged for each additional service which is separate, distinct or unique as determined by the Health Authority.

5.4 Public Pools that Change Ownership or otherwise begin new operations of non-seasonal pools at various times during the year shall have their license fees prorated as follows:

1. Seventy-five percent (75%) of the total required license fees for establishments beginning operations on or after April 1, but before July 1;
2. Fifty percent (50%) of the total required license fees for establishments beginning operations on or after July 1, but before October 1;
3. Twenty-five percent (25%) of the total required license fees for establishments beginning operations on or after October 1, but on or before December 31.

This proration of license fees is applicable only to the total required license fee. It does not include any required plan review fees or other fees which may be applicable. Proration of fees does not apply to Public Pools that operate on a Seasonal basis.

5.5 Licenses are valid through December 31 annually. License renewal applications shall be received by the Health Authority by December 1 of each year.

5.6 The application for licenses shall be made on forms furnished by the Health Authority and shall set forth the general nature of the business, the location, and other information as the Health Authority may require. The issuance of such licenses and their maintenance, termination and administration shall be in accordance with and subject to all conditions of the Washington County Administrative Ordinance relative to the general requirements for licenses in Washington County.

5.7 Late penalty fees for Public Pools shall be assessed, as described in the Administrative Ordinance.

5.8 An existing Public Pool that has been out of business or closed for more than thirty (30) calendar days is considered a new establishment when re-opening with the same ownership and is subject to a pre-licensing inspection.

5.9 A license granted by the Department means that the requirements of the Department for conducting the licensed business have been met. There may be additional legal requirements, including requirements from other governmental entities that must be met in order to conduct the business. The granting of a license by the Department does not
exempt the business from any additional legal requirements, nor does it mean those requirements have been met.

Section 6  Inspections

6.1 The Health Authority shall inspect licensed Public Pools as frequently as necessary to ensure compliance with this Ordinance, but not less often than annually.

6.2 Pursuant to Minnesota Rules, part 4717.0375, the Health Authority shall have the right to enter and have access to the Public Pool at any time during the conduct of business. No persons shall interfere with or hinder the Health Authority in the performance of its duties, or refuse to permit the Health Authority to make such inspections.

6.3 The Health Authority shall inspect each Public Pool prior to issuing a license for a new establishment or Change of Ownership. A license shall not be issued until the corrections required by the State Commissioner of Health or the Health Authority as a result of the pre-licensing inspection have been made to the satisfaction of the Health Authority.

6.4 Each inspection report may be posted by the Health Authority, not in a public area, and such inspection report shall not be defaced or removed by any person except the Health Authority. The posting of the inspection report shall constitute service of an official notification by the Health Authority. The Health Authority may, in lieu of posting such reports, deliver it in person to the Licensee or his authorized agent, or deliver it by certified or registered mail. A copy of the inspection report shall be filed with the records of the Health Authority with the name of the operator and owner.

6.5 All Licensees, owners or operators of Public Pools having a report posted or having received a report giving notification of one or more violations of this Ordinance shall correct or remove each violation in the length of time determined by the Health Authority. The length of time for the correction or removal of each such violation shall be noted on the inspection report.
