More info at:  
[www.co.washington.mn.us/ticks](http://www.co.washington.mn.us/ticks)

**Washington  
County**

## Prevent tick bites:

- Wear light colored clothes
- Use repellent with 20-30% DEET
- Wear tick repellent-treated clothing
- Check for ticks often & remove immediately

## Remove ticks:

1. With tweezers, grasp tick close to the skin
2. Pull tick out slowly & disinfect the bite area

See your doctor if you develop a rash or flu-like illness after a tick bite.
